MASTER BUILDERS SA HELPING BUILDERS GET LICENSED

We have been supporting the Building and Construction industry since 1884. Much has changed in that time, but builders and trades always turn to us for advice and guidance, especially on how they can become licensed in South Australia.

We know and understand the **licensing application process** with **Consumer Business Services**, and we are here to help and guide you, be it for your building works supervisor's registration or your building work contractor's licence.

Obtaining a **builder's license** is not easy, gone are the days when a good tradesman could simply apply and get a license granted. These days, you need to evidence that you have good sound business as well as construction knowledge, producing a detailed application still takes time but we can help with the process.

Master Builders SA Membership team can provide you with valuable assistance in completing your application online with **Consumer Business Service**. So book an appointment today.

Depending on the license you are applying for, you may require the following:

- Copy of all your qualifications / trade certificates
- Statement of Attainment that you have completed the following modules:
 - Establish legal and risk management requirements of small business or Apply legal requirements to building and construction projects
 - Plan small business finances or Manage small business finances or Undertake small business planning
- Police clearance certificate
- Resume / work history detailing your experience on-site
- Two references – technical & character
- Letter of eligibility to acquire home warranty insurance
- Site photographs
- Project log
